by Patricia Urquiola , Eliana Gerotto

FOSCARINI

## DESCRIPTION

Resulting from the desire to create a precious and charming lamp like a pearl bracelet, accommodated with a focus on light weight and transparency thanks to the use of PMMA, Caboche established itself from the onset as one of Foscarini's best-selling products, and it has become a genuine icon in the world of lighting and design. Rich, bright and sophisticated, Caboche is a mosaic of refractions, a perfect fusion of different personalities in the one form, coming together to create the body and light effect of the lamp. When it is turned on, the light diffuses from inside the spheres like lots of bright crystals, providing 360° lighting of the surrounding environment and guaranteeing direct lighting on the underlying surface and reflection on the ceiling. This lighting emotion is also vouched by Led versions – affording high energy efficiency levels and durability - completely re-engineered in terms of lighting technology especially to ensure the same intensity, diffusion and temperature as the light produced by the original version. Caboche suspension lamp is a jewel of creativity and technology, available in three sizes and two versions: transparent and yellow gold. The lamp is the perfect protagonist for homes or public areas, uniting visual impact with lightness, decorative value and functionality.

## MATERIALS

Polymethylmethacrylate, blown glass, chromed metal and aluminium (LED version)

## COLORS

## DESCRIPTION

Rich, bright and sophisticated, the Caboche lamp is a mosaic of refractions, a perfect fusion of different personalities in the one form, coming together to create the body and light effect of the lamp. When it is turned on, the light diffuses from inside the spheres like lots of bright crystals, providing 360° lighting of the surrounding environment and guaranteeing both upward and downward lighting. Caboche floor lamp is a small jewel of creativity and technology, available in two sizes and two versions: transparent and yellow gold. The original design of the stem is created by the three supports that join together to form the round base, recalling the spherical form of the diffuser, and thus guaranteeing a combination of coherence, originality and lightness. Caboche is the perfect protagonist for homes or public areas, uniting visual impact with lightness, decorative value and functionality.

## MATERIALS

Polymethylmethacrylate, blown glass, chromed metal and varnished aluminium
