Frametable diventa sistema grazie all'elemento con piano a “porzione di corona circolare” che, se accostato uno all'altro o al formato standard profondo 80 cm, permette di creare svariate configurazioni.

Frametable becomes a system thanks to the “annular ring section” top elements that can be combined with one another or with the 80cm deep standard size to obtain a multiplicity of configurations.

Frametable wordt systeem dankzij een “cirkelvormig tafelbladelement” waarmee, indien ze naast elkaar worden geplaatst of met een 80 cm standaard diepteformaat, uiteenlopende composities kunnen worden gevormd.

Frametable devient un véritable système grâce à l'élément en arrondi qui, juxtaposé à d'autres ou au format standard de 80 cm de profondeur, permet de créer différentes configurations.

Tra gli accessori disponibili il modulo di elettrificazione per attrezzare il piano di lavoro con prese ed interruttori, ed il sistema di canalizzazione flessibile che offre il supporto per raggruppare i cavi. Sono inoltre disponibili i pannelli di cortesia.

A rich range of accessories includes an electrification module with which any worktop can be fitted out with power sockets and switches, and a flexible raceway system, that provides the ideal support to group the cables together. Courtesy panels are also available.

Unter anderem ist ein Elektrifizierungssystem für die Ausstattung der Schreibtische mit Steckdosen und Schaltern verfügbar sowie ein flexibles Verkabelungssystem für die Ordnung der Kabel. Außerdem sind Trennwände erhältlich.

Parmi les accessoires proposés figurent le module d'électrification pour équiper le plan de travail de prises et d'interrupteurs ainsi que le système de canalisation flexible offert par le support afin de regrouper les câbles. Il existe également des panneaux de courtoisie.
